Family Access

Family Access is a free service and is available to all parents and guardians with children enrolled in the District.

LCISD parents and guardians are responsible for updating a variety of contact information items through the Family Access Center. These items include home phone number, email address and emergency contacts. Please review the video below on how to change these items as well as get specific information on what can be changed.

<http://www.lcisd.org/students-parents/family-access>

Please make sure that you are providing a good email address when registering your student so that we are able to email you a link to Family Access once the student's enrollment is completed.

Family Access is a secure Internet-based website that allows parents and guardians to easily track their student's progress. There are even applications for Apple IOS and Android devices available from the appropriate stores. Among other things, this service will allow you to view student attendance, grades, schedule, progress and assignments.

Cafeteria Online Services

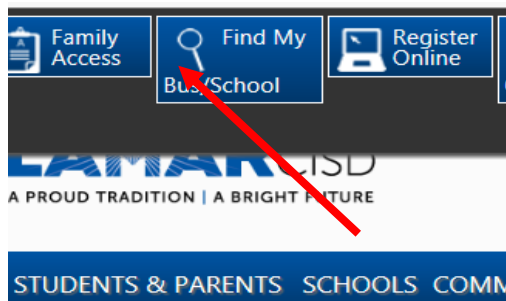

View your student's cafeteria account balance and purchases. Make secure online payments anytime, anywhere. Set up hassle-free automatic payments for each student. Receive low balance e-mail messages. Sign up at the following link:
